[Pin it](#)

Lentil Powder are also called Paruppu Podi in tamil. Paruppu podi is a blend of spices and lentils, with full of fresh flavors and aroma. I always prefer homemade podi than store bought podi, as they are preservative free and less spicy and no adulterants added. They are very simple to make instant mix powder and can be done in less than 15 mins. This is my mom's recipe. My mom always prepares them in large quantities, but I always prepare them in small quantities as just for me and my husband. This is my husband's fav podi too and he always starts his lunch with this podi, rice and ghee.
