8. Roll out the dough to  $\frac{1}{8}$  inch thickness and cut it into round shape.
9. Place the biscuit on a butter greased plate, prick evenly with a fork and bake it for 15 to 20 mins or until it turns pale gold.
10. Cool it for sometime and enjoy with tea.

Notes

The resting time in fridge will make the biscuits more tender and crisp.

You can also roll the dough to a cylindrical shape and chill it and cut it in circular shape.

Dip this biscuit in melted chocolate for chocolate coated biscuit.

You could also use cookie cutters to make fun shapes.  
I substitute white sugar for Confectioners' Sugar since I didn't have confectioners' sugar handy. They are nothing but powdered sugar.

The batter should be of pouring consistency.

You can use cooker or large cooking vessel to make dhokla.

To check the doneness, insert the tooth prick and check. If it comes out clean, your dhokla is ready.

Follow the same recipe for microwave dhokla.

After adding eno, dont let the batter to sit for long time. Steam it quickly. Then It will turn hard. You can also make dhokla idly by steaming the same batter in idly plate.
