[Baked Falafel Recipe / Vegan Oil Free Falafel](#)

Baked Falafel Recipe / Vegan Oil Free Falafel is a middle eastern food, usually served in a pita bread. 4 years back I remember, it was raining that evening, my husband took me to this fine middle eastern restaurant called **Pita +** in St.Louis (US) to introduce falafel to me. They served hot falafel in pita bread when I bit it, it tasted exactly like [paruppu vadai](#) (masala vadai) which is a famous deep fried snack in South India. Usually to make falafel, you need chickpeas, spices and for binding the flour added, finally it was deep fried.. Since I want to make in a healthier way, I baked the falafel in oven it tasted just like deep fried falafel.
