

Easy Mango Jelly Recipe Using Agar Agar

Easy mango jelly recipe using agar agar is a wonderfully refreshing fun dessert and a great party food. I like the color, flavor and silky, shiny texture of jelly. I love jellies from childhood, my mom used to make different flavors of homemade jelly with agar agar and I used to enjoy them for after school snacks. Agar agar also called china grass has no calories, no carbs, no sugar, no fat but it is loaded with fiber, calcium and iron. Agar agar is a vegetarian gelatin substitute and a gelling agent extracted from red algae. This

mango jelly is quick to make at home dessert and I made this for my brother's son who is 4 yrs old kid, he really enjoyed and he loved it. Try this homemade jelly, you will love it for sure.
