You can also roll the dough to a cylindrical shape and chill it and cut it in circular shape.

Dip this biscuit in melted chocolate for chocolate coated biscuit.

You could also use cookie cutters to make fun shapes.

I substitute white sugar for Confectioners' Sugar since I didn't have confectioners' sugar handy. They are nothing but powdered sugar.

Agar Agar

Easy mango jelly recipe using agar agar is a wonderfully refreshing fun dessert and a great party food. I like the color, flavor and silky, shiny texture of jelly. I love jellies from childhood, my mom used to make different flavors of homemade jelly with agar agar and I used to enjoy them for after school snacks. Agar agar also called china grass has no calories, no carbs, no sugar, no fat but it is loaded with fiber, calcium and iron. Agar agar is a vegetarian gelatin substitute and a gelling agent extracted from red algae. This mango jelly is quick to make at home dessert and I made this for my brother's son who is 4 yrs old kid, he really enjoyed

and he loved it. Try this homemade jelly, you will love it for sure.
