# Ingredients for Eggless Rose Cornflakes Cookies

Preparation Time : 15 mins Cooking Time : 20 mins Serves : 20 Cookies

- 1 Cup + 1/2 Cup of Cornflakes
- 1 Cup of All Purpose Flour (maida)
  - 1/2 Cup of Coconut Oil
  - 1.5 Tsp of Dried Rose Petals
- 7 Tbsp of Sugar ( brown or white)
  - 1/2 Tsp of Vanilla Essence
  - 1/4 Tsp of Baking Powder
  - 1/8 Tsp of Salt
  - 20 Almonds, Sliced

## Method for Eggless Rose Cornflakes Cookies

- Grind the cornflakes coarsely (both 1 cup + 1/2 Cup separately) in a dry spice grinder or mixie.

- In a bowl, add coconut oil, rose petals, vanilla essence and sugar. Beat well with a whisk. Now add maida (APF), crushed cornflakes and baking powder. Mix gently to form a dough. If your dough is dry and too crumbly. Add 1 tbsp of water and knead well. Cover the bowl with a lid and refrigerate the dough for 1 hr.

- Then take out the dough, add 1 tbsp of water and knead again. Divide the dough into 2 equal halves. Roll one half into a long log. Cut the log into small and equal pieces.
  - To the other half of the dough, roll it with a rolling pin. Use cookie cutter and make cookies into desired shapes. I used heart shape and star shaped cookie cutter.
    - Preheat the oven to 350 ° F or 177° C.
- Meanwhile roll them into balls and flatten them with palms. Dip it in 1/2 cup cornflakes mixture so that it is evenly coated on all sides of the cookies. Gently press almond slices into the top of each one. Arrange the cookies in a butter paper or slipat or baking tray, greased with oil like I did.

- Keep the tray in middle rack of the oven and bake the cookies for 12- 15 mins. When they are done, remove the cookies from the oven and cool on a wire rack. They will be soft when they come out of the oven, but will firm up after they cool.

### Tips

- If the crushed cornflakes don't stick to the cookie dough, take 2 drops of water in your fingertips, and coat the cookie dough ball with water.
    - Original recipe calls for 1/2 cup of butter instead I used coconut oil.
      - If you don't have rose petals, just leave it.
      - You can add rose essence or almond extract in place of vanilla extract.
      - If you over bake the cookies, they will get crunchy but taste the same.
- Cooking time will vary depending on the oven. So keep an eye on the oven after 12 mins.
- You can even add the cornflakes, place it in a ziplock bag, and roll a rolling pin over it to crush the cornflakes well. You can use this crushed cornflakes to coat the cookies.
